

We recognize that at times an organization just needs a space and time to “think together”, to celebrate or to have a special meeting. Our passion is about creativity and we believe the space itself can be a catalyst.

INFINIUM
The Essential Element In
Business Innovation.™

OUR PHILOSOPHY

We believe in the power of space to stimulate thinking and release innovation in people. We believe for creativity to abound you must have all your basic needs abundantly met and all your senses stimulated. To keep our brains “unstuck” we must be physically “unstuck”.

Innovation Lab
OUR SPACE,
YOUR WAY.

THE EXPERIENCE

- The warmth of a wood fire.
- The comfort of a kitchen—doesn't everyone always gather in the kitchen?
- The luxury of an outdoor patio.
- Music—to sooth the soul or energize the spirit.
- In the heart of the Crossroads Art District—a vibrant community of art galleries and restaurants.

OUR MISSION

Our mission is to embed innovation as a core competency in organizations.

THE INNOVATION LAB

Why a "Lab"? This is a place of exploration and discovery. It is 3,000 square feet of space designed for creativity and collaboration. It includes a large Hearth Room with a barrel vault ceiling, a library, lots of natural light, a wood fireplace, a full kitchen and a patio complete with a fish pond.

The Lab is furnished with state-of-the-art furniture designed by Herman Miller for creative thinking and collaboration. All the furniture can be easily moved and reconfigured to meet the needs of your event and allow you to "take ownership".

FOOD

We believe the food served in the Innovation Lab should be as creative as the work that's done here. We use caterers who provide interesting meals and snacks at competitive prices. Some examples of what is served in the Lab include:

- Blueberry oat scones
- Granola, yogurt & fruit
- Bison chili
- Spring rolls
